

6<sup>th</sup> November 2018

Dear Parents & Carers,

On Tuesday 13<sup>th</sup> November, Miss Elks' Year 6 class will be going on a visit to George Spencer Academy.

This is in order to find out more about our current topic in science, all about the body and the circulatory system. The children will be visiting the school's science labs and will be given the chance to conduct different experiments. One of these will be the opportunity to take part in a pig heart dissection led by one of the school's science teachers which is linked to our book, *Pig Heart Boy*.

This is a fantastic opportunity for children to develop their scientific knowledge and prepare them for which different experiences they will be offered when they begin secondary school next year.

The minibus will be leaving Wyndham at 9am and taking the children to George Spencer Academy for the morning. We will be arriving back at school for 11:30am.

If you have any questions or concerns please don't hesitate to contact a member of the Year 6 Team.

Regards

Miss Elks  
Year 6 Teacher & UKS2 Phase Leader

"Partnering for Excellence with The Spencer Academies Trust."
