

Year 6 had a GREAT time visiting Lea Green for their annual 3-day residential! They had so much fun trying new experiences, facing their fears and generally getting to know each other. They took part in a range of activities such as stream scrambling, high ropes, buggy carts and bushcraft to name a few! The children really pulled together to challenge themselves and conquer their fears. Well done year 6! They are now ready and raring to go for the year ahead!
