

Rebecca Adlington

Welcome to Year 3!

This year, Miss Syson will be teaching Rebecca Adlington. Other adults who will be working with Year 3 are Miss Bishton, Miss Westbrook, Mr Bentley and Miss Ellison. It is a very exciting time of the year as children move from KS1 to KS2. This year, our aim is to build on all the GREAT learning the children did in Year 2 by developing their confidence, increasing their independence and challenging their understanding. We will be going swimming every Monday and having PE on a Tuesday afternoon. We will also have fortnightly spelling tests on a Friday. During our first half term, we will be reading 'The Twits' by Roald Dahl where we will be writing character descriptions, creating our own pranks like Mr and Mrs Twit and retelling the story using Talk 4 Writing. Our maths learning will be focused on place value, ensuring we have a secure understanding of hundreds, tens and ones. In History, we will be taking an in-depth look at life during the Stone Age to see if it was any different to our lives now. To link to our history topic, we will be exploring the topic of 'Rocks and Fossils' in science and investigating different types of rock and how they are formed. Please follow our class twitter page (@wyndhamacademy3) to see all the amazing things we get up to!
